

Italian enogastronomic festival Wine and Food. Made in Italy

In the framework of the exhibition the Italian Festival of food and wines has been held as well. On the special area exclusive new products have been presented to Russian customers. Company **Wine&Food Made in Italy** brought all these food and wine novelties to Moscow and organized a lot of gastronomic sets and wine degustations for a great number of both professional visitors and lovers of Italian products.

«In Russia there is All-European growing trend about the perception of wines as a product of the peasant labor and the part of the cultural traditions. Such exhibition as **Russian Wine Fair** with its exhibitors and visitors profile completely approves this trend» – told the executive director of the Wine & Food Made in Italy company, Mr. **Giorgio Valentino**.
